

OPUS NORDEN'S MUSIC PRESCHOOL

ORIENTATION: CLASSICAL MUSIC

**A NEW PRESCHOOL FOR 1-5 YEAR OLDS
PLANNED TO START IN AUGUST 2018 IN DANDERYDS KOMMUN**

**In our music preschool, music will be integrated in our daily work.
We will hire musicians who also are teachers with a high quality.**

WHY IS IT IMPORTANT TO EXERCISE MUSIC ?

Most of us know that it is good for everybody, both children and adults, to be creative. Modern brain research shows that if you exercise music, it leads to both increased volume and speed in a certain part of the brain (Corpus callosum).

To exercise music thus increases the information and the impuls speed between the right and left parts of the brain. Research has also demonstrated, which is even better, that this improves other skills, meaning that musicians solve problems faster, more efficiently and creatively both in academic and social contexts.

To exercise music builds the brain, increases the childrens future possibilities and gives a very good brain-gym!

**On April 19th we will participate in Företagsmässan in Mörby centrum. Visit us!
Are You interested, mail Opus Norden, preferably before April 13th.**

Do you have questions
mail ragna.fagelund@opusnorden.com
